Account Activation & Trial Run Guide

Account Activation

1. Click on the Activate your SLL 2026 account link in your inbox.

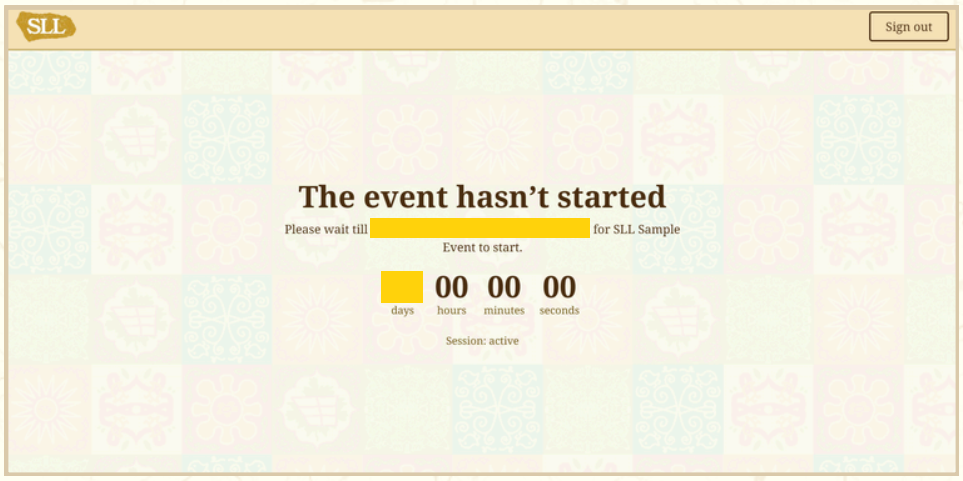

2. Set a strong password and click Activate account. If your registration is successful, you will see:

3. After clicking on Continue to sign in, use your registered email and password to sign in.

4. Signing in immediately brings you to the contest area, which is also the **Trial Run interface**. If the contest or Trial Run has not begun, a countdown will be visible.

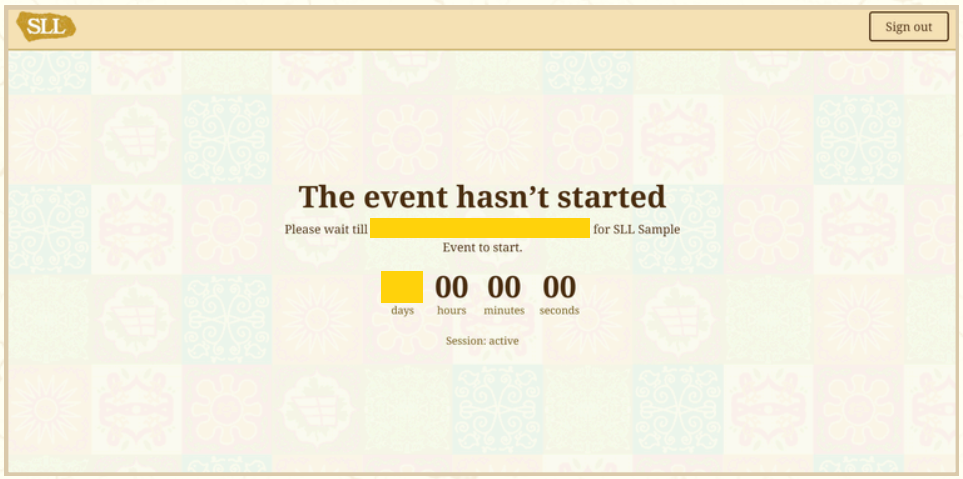

5. If you can reach this step, you have successfully activated your account!

Trial Run

1. During or before the scheduled Trial Run time, log in to the **contest area**. If the Trial Run has not begun, a countdown will be visible.

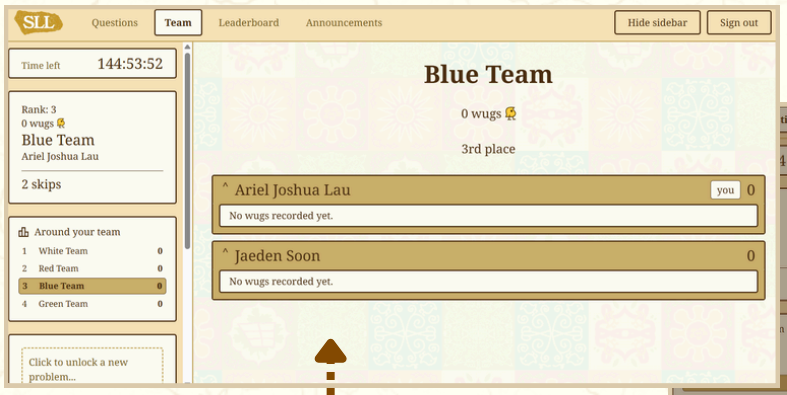

2. If the Trial Run has begun, a loading screen will appear before you can access the contest area.

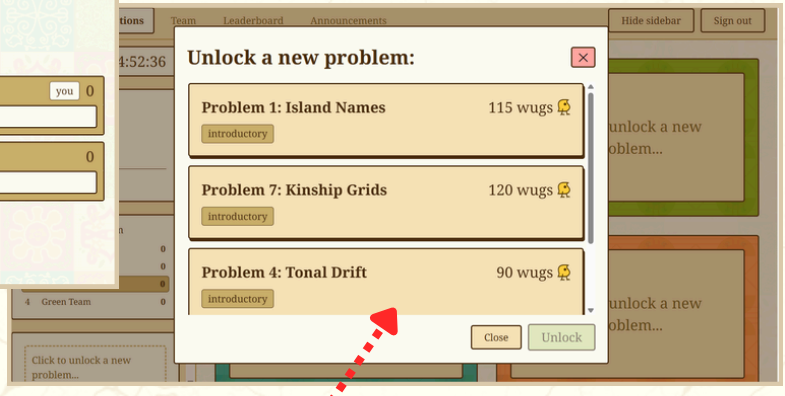

3. Familiarise yourself with the contest area! Some **Problem screen** mechanics will be covered below.

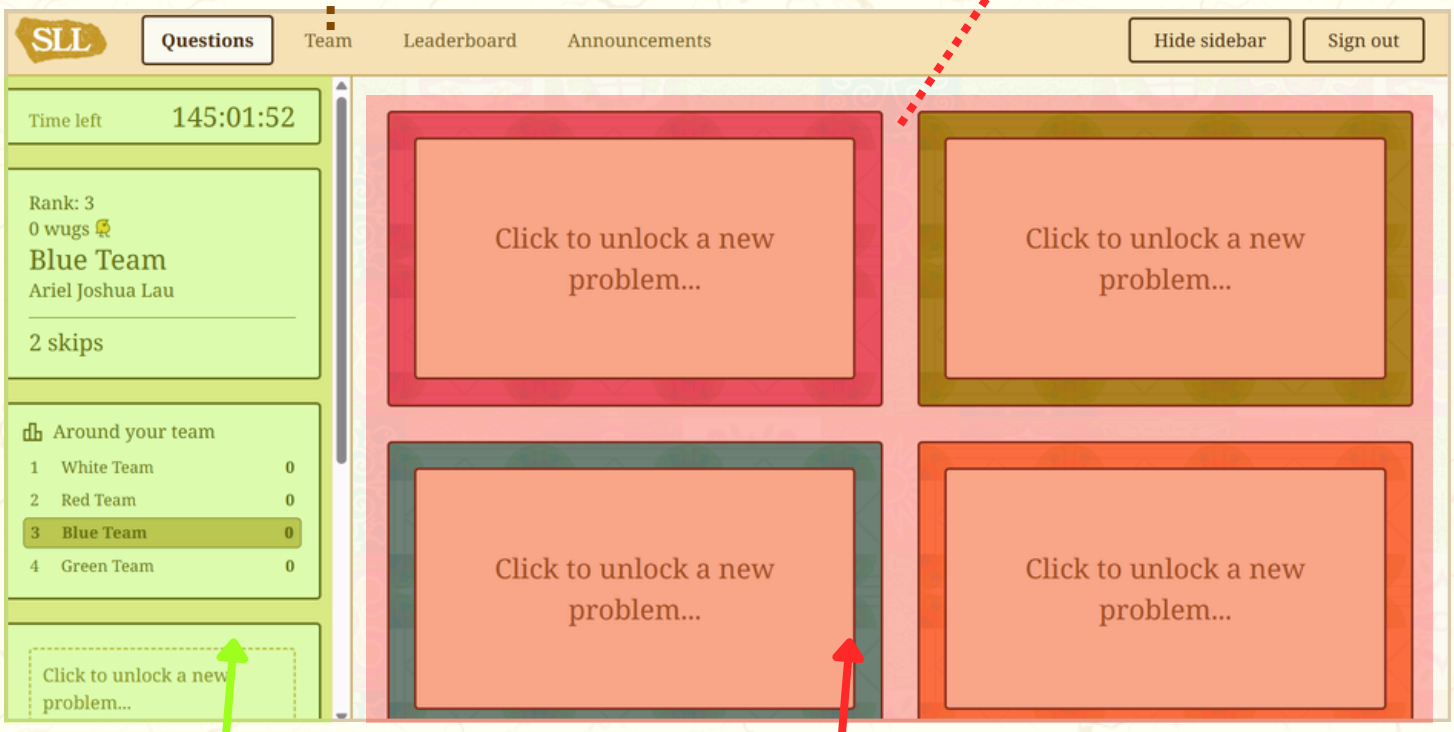

Team screen

Problem unlock screen

Main menu

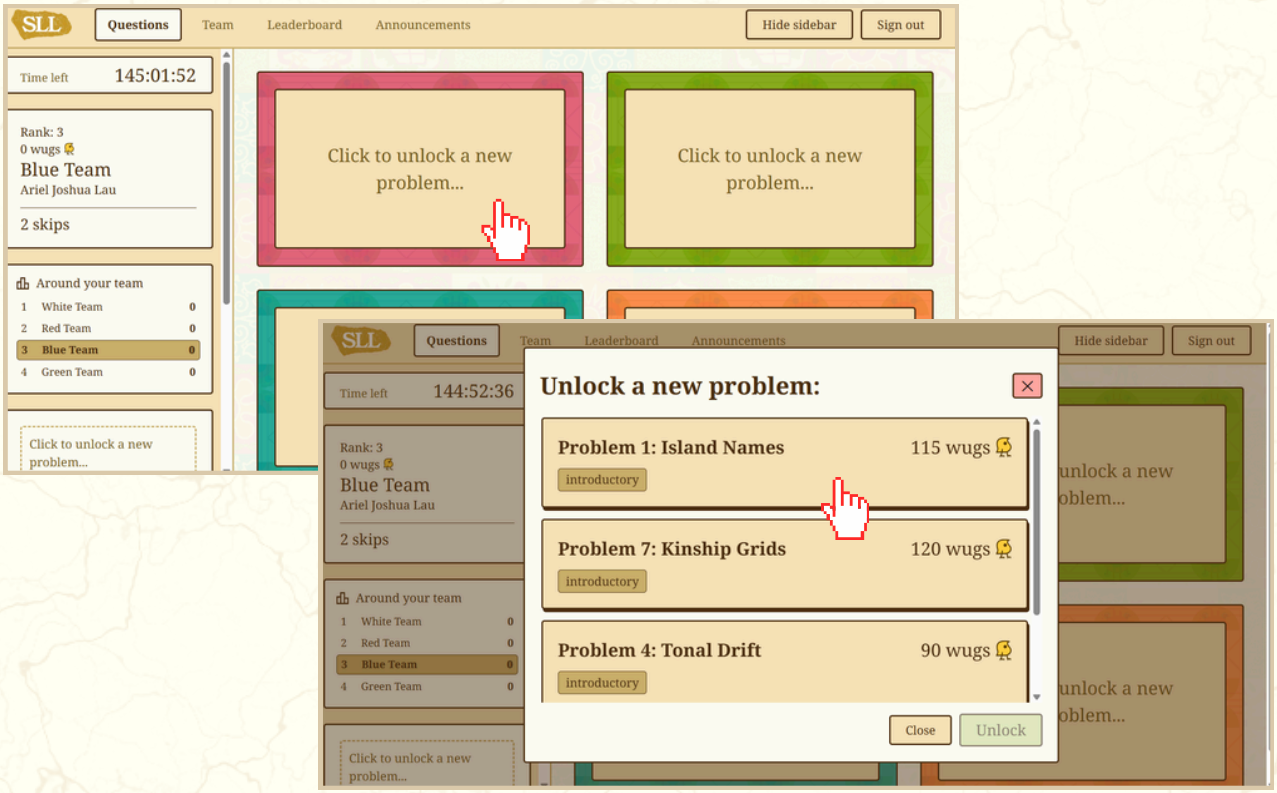

Sidebar

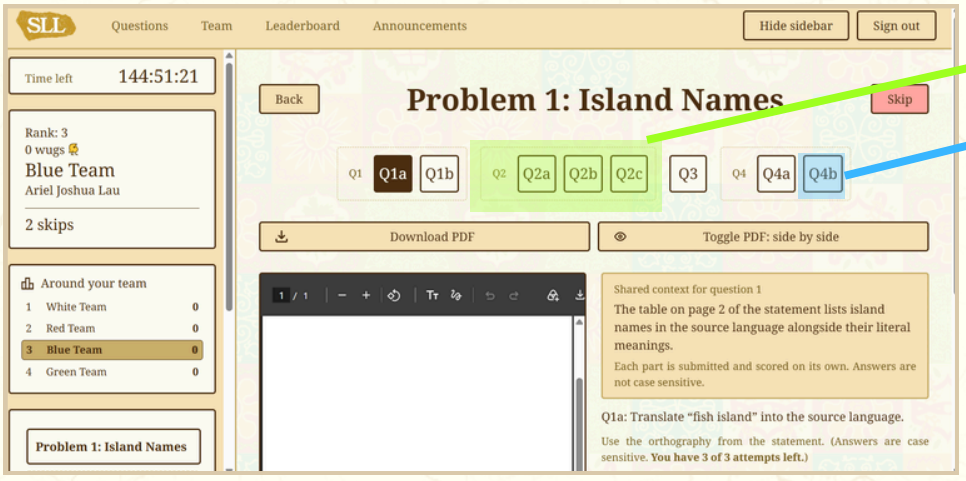

Problem interface

Navigating Problems

5. On the main menu, unlock a **problem** by clicking on an empty problem box.

6. Familiarise yourself answering problems! Each problem is made of several **questions**, while each question has **parts**.

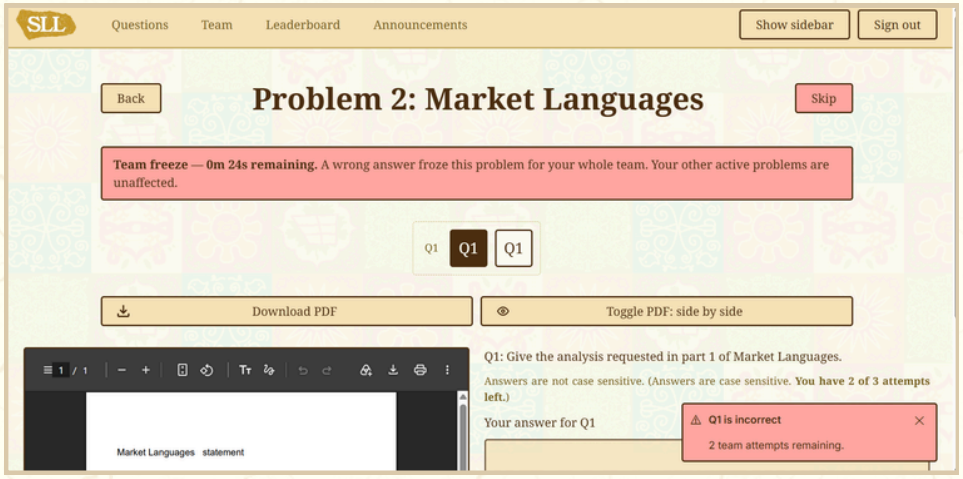

Question

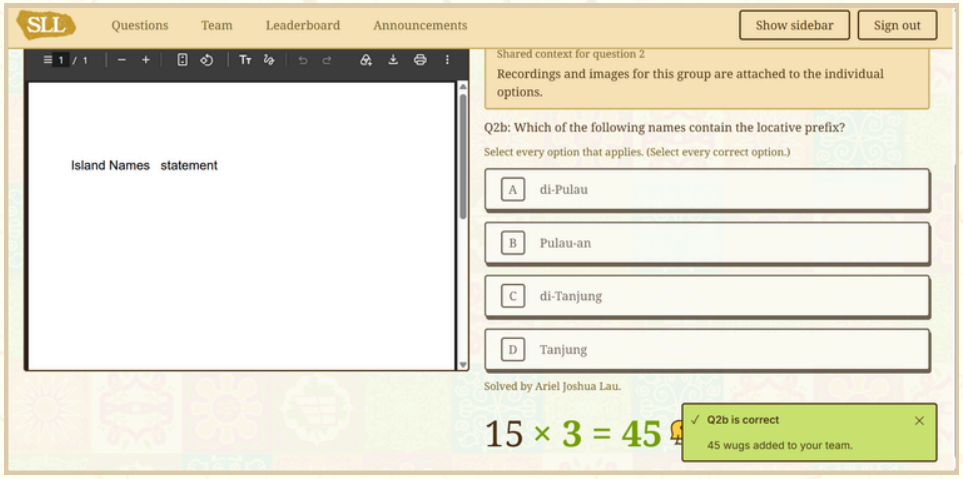

Part

While answering, only the current part is shown.

7. Answering incorrectly **locks** the problem, **preventing any options to be selected or submitted** for all teammates.

8. Answering correctly awards the points.

9. Skipping problems can be done by clicking the top right.

10. This is the end of this guide. Have fun exploring!
